Positive mental attitude

● \$ 250.00 Moon

This is the level where apprentices start to market their Journal Constitutions. The main focus is to show their leadership in the community and demonstrate positive mental attitudes. This level is to show how, with a positive mental attitude, more self-esteem and confidence in yourself you can remove all the negativity you have in your life.

● \$ 400.00 D.I.M. (Do It Movin)

Take Self Improvement to a New Level. Learn to work smarter - instead of working harder. Trading time for money with no leverage is a fast path to an early grave. The smarter you work, the easier it gets. But, make no mistake, it does take some work on the individuals behalf. The more you relax, the more sense you make (crazy thought isn't it -- but if you've ever been "in the zone" with a sport or talent, you know exactly what I'm talking about). Anyway, the rest is up to you... This is your opportunity to get out the box and into a broader market.

● \$ 550.00 D.I.S. (Do It Solo)

Your first step is simple: fill out the form. One of our associates will give you a call and speak to you for about 4 or 5 minutes (or less). If you qualify for this opportunity (remember: we're looking for people with a **strong desire**), then we'll invite you to an exclusive class or market where you can learn all about what it takes to succeed here. If you're really ready to improve your life - go ahead and take that first step. Fill out the form right now.

● \$ 700.00 D.A.T. (Down And True)

Listen, I Am not going to over-hype this income opportunity ... I'll just tell it like it is. The truth of the matter is - if you have a strong desire, you **can succeed**. If you'd like a new source of income... a way to put thousands or even tens of thousands of extra dollars into your bank account every month... this is one of the very best ways I've ever seen to do it. I've certainly tried other ways... affiliate programs, real estate, and just about everything in between. Each has it's plusses and minuses. But this business that you're about to learn about will make you money like nothing I've ever seen before.

● \$ 850.00 Saturn DESIRE

There are no problems ONLY opportunities.
Discover how to look at perceived problems in a whole new and different way. The most important thing to remember is that you can and should be prosperous. Don't deny yourself that divine right. Manifest Your Dreams, Desires, and Prosperity now.
Be happy and prosper!

● \$ 1000.00 B.O.S. (Batch Of Success)

Here's the deal: Eye have discovered, a fool-proof, can't-fail roadmap that if followed will change your personal and financial circumstances forever. Something that will work anywhere. Something you can do all by yourself. Something that when done over and over has an unlimited potential to continually direct a fast-flowing, ever-widening stream of cash in your direction. You can do this without a sophisticated education, experience, an enormous amount of capital, raw talent or luck... But, make no mistake, there is an almost invisible requirement that is necessary for success.

● \$ 1250.00 B.U.S. (Bank Up System)

This system is great for those of us who either don't have the time or the want to meditate, make lists, and any number of other things. You can still achieve your dreams. It has worked for many and it can work for you. So many things in life should be a given, but with our negative thinking it slips through our fingers.
Begin to change that now. Take the step now to start changing your life.

● \$ 1500.00 D.O.S. (Done Over Said)

Belief. Enough to take a chance. Enough to absorb what I am about to teach you. Enough to put the principles into action. If you do just that, nothing more nothing less, you'll be more than half way to a lifestyle most people can only dream about. At the risk of ruining my reputation for modesty, I am going to make a rather *bold* statement... This opportunity has been very, very, **very** good to me!

Freedom choices

● \$ 2000.00 Rivers BODY

Since the dawn of creation there has been both good & evil in the hearts of men and women. We all contain the seeds of kindness or the seeds of violence. In our rivers Shh-Cool we learn to use the power of choice to guide our way. (well with faith also) The first recorded act of violence was when Cain slew his brother Abel out in the field. The villain was not the club he used. Men and women are three-part beings. We all consist of body, soul, and spirit. When we refuse to acknowledge a third part of our make-up, we create a void that allows evil, prejudice, and hatred to rush in and reek havoc. Spiritual presences were present within our educational systems for most of our nation's history. Many of our major colleges began as theological seminaries. This is a historical fact. Now it is time to stop talking and start walking.

● \$ 2500.00 C.U.B.B.Y.H.O.L.E. SOUL

What has happened to us as a nation? We have refused to honor God, and in so doing, we open the doors to hatred and violence. And when something terrible occurs politicians immediately look for a scapegoat. They immediately seek to pass more restrictive laws that contribute to erode away our personal and private liberties. We do not need more restrictive laws we need true financial and psychological support. By learning to promote and network with other business we were able to teach the necessity needed to gain success in our own field of work.

● \$ 5000.00 *Stu *D* yo byZ* (\$+u *D* 1/0 31/= abstract comic \$trip) SPIRIT

If you're even remotely interested in discovering how you can start a steady stream of cash-flow that will come in every hour of every day for you from now on -- until you retire *RICH*, then this is going to be the most exciting Shh-Cool you'll ever attended!

I AM READY TO TAKE CONTROL OF MY THOUGHTS, My LIFE, MY PROSPERITY? If you have ever wondered why some people seem to have everything and others do not, wonder no more! \$+U *D* 1/0 31/= will teach and show you how to use the major secret. *Do what the media did not - let the nation benefit from this SHH-COOL.. Not only will you receive the major secret of achieving your desires, dreams, goals and prosperity, you will also receive these bonuses: Please send this out to everyone you can!!!*

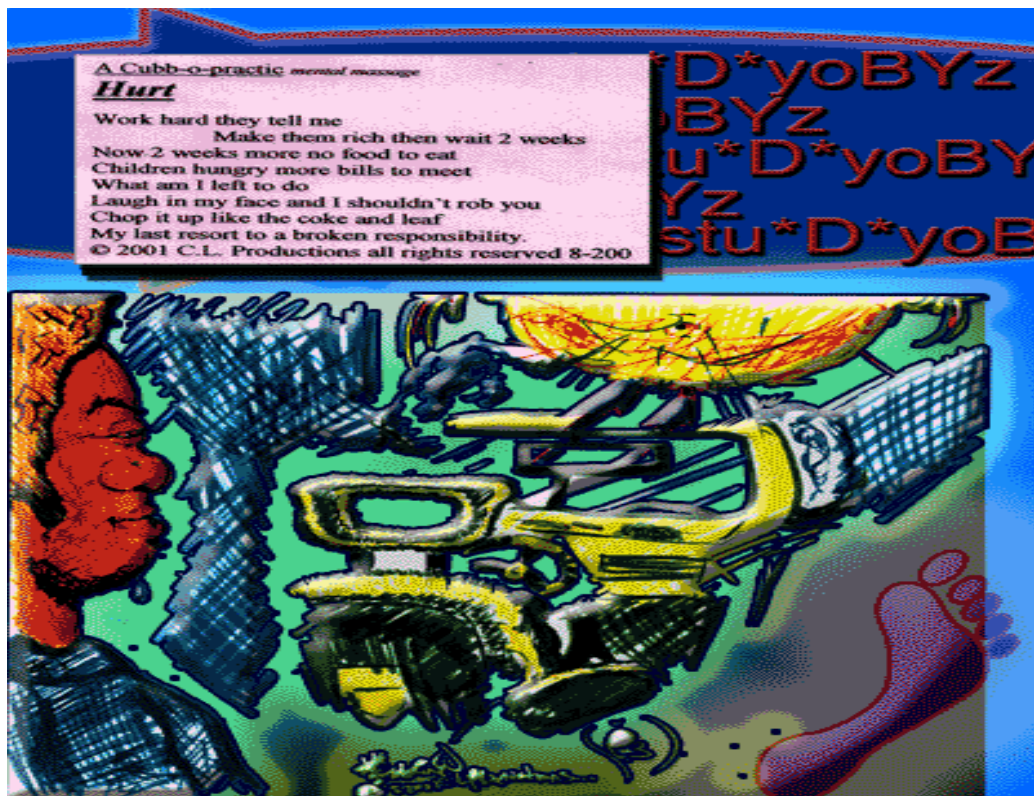

Making big bucks not only does not require that you give up having fun... but... the real winners are guys who work a fraction of the time their peers do. And still rake it in. And have plenty of time for life. How do they do this?

It is actually pretty easy to explain: How many hours of the average workday, in an office, is actually spent getting anything done? For most people, it's maybe *two hours*. The other six (or more) are essentially wasted in useless meetings, hanging on hold waiting to talk to someone, gossiping, flirting and staring out the window. Add all the time it took to get dressed, commute to and from, and get ready for the next go-round... and you've shot an entire day. For two hours of productive work. Whether you're working for The Man, or for yourself.

That's why so many of the really successful guys eye know work at home. No commute. You can work in your pajamas. Get your two hours of productivity in before noon. And *double* that after lunch, if you're so inclined... **and still get in a round of play station 360 before six o'clock.**

Work hard, play hard, and don't let anyone try to tell you it's not okay to take off early and...

enjoy
your
life!

WHAT CAN C.U.B.B.Y.H.O.L.E. DO FOR YOU AND YOUR BUSINESS?

Known for “rockin’ hot street rap and poetry” and most recently for its transformation into an Inspirational business developer and Spoken Word mentor is kicking knowledge in its start up programs. “Everyone needs a balance” “and because eye created the style that all the well known community leaders and movers of the urban revolution are now using, it’s time for them to step there game up and “Be About It” by creating constant newness and having a healthy balance in the lives of the less unforchunate.”

In the Bay Area we have a Hyfee movement – which is responsible for bringing consciousness of moral conduct and inspiration to the inner city streets and schools, the very foundation and start of our C.U.B.B.Y.H.O.L.E. NETWORK.

“Be About It, The New Me”, includes several hyfee tracks of spoken word and song paying homage to this new form of music.

What is \$-U *D* 1/0 31/= abstract COMIC STRIP
(?)

With business plans like our “B.I.D., D.I.S., B.O.S., D.I.N., D.I.M. and D.A.T.” which reminds us that all our lives started from a common place, to “Family Fun” financial success I’m happy my brothers showcased a balance on this NETWORK so that people can see C.U.B.B.Y.H.O.L.E. from all angles.” We focus on movents like;

Hyphy 🙌

To find our members. NO it is not a gang or political revolution, it is defined by street hustlers gone legitimate as:

A way of living the Contraction of Main Entry: hyphy

Pronunciation: "HIGH-fee"

Function: adjective

Etymology: Oakland Bay Area, shortened perhaps from English dialect "hyperactive"; other sources cite a combination of "hype" and "fly." first known use on record by Keak Da Sneak in 1998 (on "Cool," from his LP Sneakacidle).

1 : dangerous and irrational: CRAZY;

2 : amusingly eccentric; without inhibition: GOOFY, high-energy, temperamental

C.U.B.B.Y.H.O.L.E. has its own target market.

Although the structure sounds to be very familiar with the strategy used by MBD, it is not.

Answer this question does MBD want to go deep into the areas of high crime and instant murder rates, shall eye say the hood and pull out the main factors used to destroy lives and change them around as tools for a better change. Telling the truth it doesn't matter but dealing with youth who can use many resources to make substantial revenue by risking their lives who has time to argue about helping the more rebellious teens and young adults and show them that the white community can be as trusting as any other community that has no color lines within their own race. OUR target is to save lives, not change them, but give them a better vision of what the next generation will face with messages hidden beneath the caps, and they might just provide the answers to some of your most pressing questions.

The most important lesson that eye have learned working with MBD?

That you don't get paid from selling unless you're the company. Artists get paid from publishing, performing it and their writings, so just know that. Most entrepreneurs like D.O. the Fabulous Drifter, Russell from mad skills, and cashmere are like, we be out here like "the record company is getting me." No. Unless you're actually physically the label, you don't get paid from selling records. You need to know that as an artist. That's the game that we want to give everybody. Our most important focus isn't to get money from fiscal sponsors to build business plans but to build actual businesses in the heart of the entrepreneurs themselves. We have our own income stream now and are rapidly growing with the support of some of the strongest networks in our target field.

What has Cubby Luv been doing lately?

Running HIGHLY DOUBT THAT!!!

D.I.S. Boi remains current because he stays with the changes in the streets. Time to give this pioneer his "props". We chatted a while with the [hip-hop](#) 4 elements known to Denver and about his sound and teaching technique, getting his second wind and where he goes from here. It is no games to be played. Eye guess to spark up the buzz. You don't really have to use producers, the trick to it is being creative using your brain...

You can just build over other people's ideas that's already established. They got their song already out there. You can display your skills and capture the attention of the people out there. They get a dose of that. It's exposure. As opposed to when eye was gettin' started it was really goin' to the stores and puttin' stuff on consignment and actually doin' the selling of the tapes out of the trunk of my three wheel bike method.

How can MBD benefit off of what Cubby Luv is doing now?

The same way that he can benefit off of MBD. No longer desperate for someone to help him create his future business enterprise, if you help him he will help you. He can help past clients pay off their loans, help stabilize his youth and entrepreneurs create complete and pay off the loans that they are approved and paid through MBD. By becoming a community partner. With a small loan that was given to him to persue another dream that didn't work out he still plans on using that money which he has put away to remodel the business plan that he had envisioned and use it to create a more stable ground for his business.

What does he want?

- Financial freedom.
 1. Considering he has already received the monies needed for his business to grow, this is not a proposal to get more money but to replenish the plan presented in the past, upgrade it and pay off his balance of \$885.87.
 2. A stable place to complete his work.
 3. A stable place to train and meet with his workers.
- Belief.
 1. He doesn't want anyone to hold his hand. Trust that he knows what questions to ask, he knows what resources he is ready to use.
 2. He needs you to understand that his target audience is not the same as MBD's is. It is not a conflict of interest nor competition but a stepping stone as the spot was for CCI.
 3. to be able to use the lab to build a professional approach and insure the esteem of his entrepreneurs.

C.U.B.B.Y.H.O.L.E. is an organization that will find teach and train its own members, as well as build a number of successful entrepreneurs for MBD. It is the step before that prepares its members to be fully prepared and financially stable to enter into Youth Works or any of MBD's Programs. Same visions different goals.

The \$TU *D*YO BYZ Journal-Constitution, a leading entrepreneurial comic strip, sells more than 1000 journals a week to households and retail outlets. The company delivers up to three editions per day and also handles local area home distribution for Investor's Business Daily.

O.G.B. (Operation Get Back)

Since doing business with Micro business Development formerly CCI (Colorado Capital Initiatives), there have been several clients come through the loan program because there was a huge buzz about this wonderful program that will give you money to help start up a small business, primarily for youth.

Now to the average teen, **OOOH MONEY!!!** Would be the ideal o come to this wonderful opportunity not really understanding the work that it takes to actually succeed. So what "eye" noticed was everything would be great until they actually had to put in the effort and time to make their business a success. But when it was time to pay off the loan, many of the familiar faces disappeared.

Now how would a business that thrives on the success of its clients continue to grow when they cant find their client to at least help them develop a strategy to guide the entrepreneur down the path to pay off their debt at the same time feel comfortable enough to take the time consuming blows of financial growth.

The Challenge

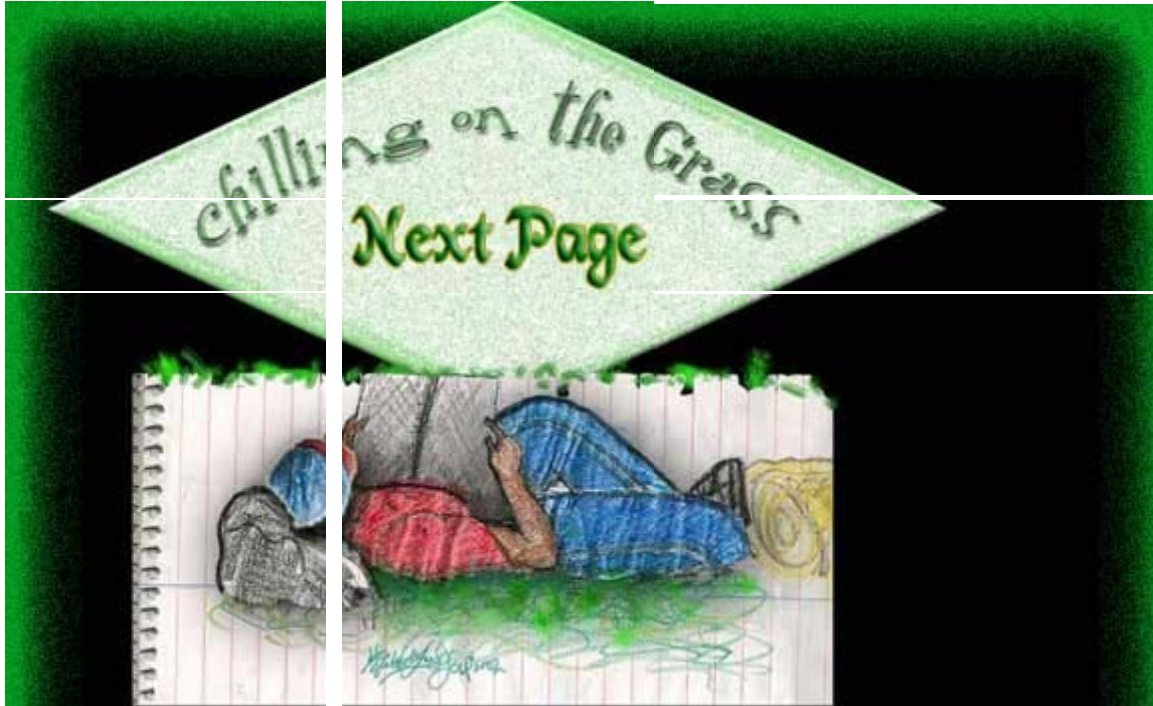

*erKn + JERKIN = \$tu*d*yo byz abstract comic strip proudly presents C.U.B.B.Y.H.O.L.E. journal constitution.*

Newspapers today face numerous online competitors. And while many people continue to enjoy the personalized experience of having a printed paper delivered at home, their expectations for timeliness and service are influenced by experiences on the Internet. Customers assume sales representatives-whether communicating by email or having a conversation on the door step-will be informed about the status of their account.

Yet until recently, door-to-door sales crews at C.L. Productions created a Journal-Constitution Called \$tu*d* yo byz abstract comic strip didn't know whether they were knocking on the doors of funders or clients taking the paper two, three, five or seven days a week. Lacking detailed household information, they were unable to concentrate their efforts on the best prospects and risked annoying current subscribers. We found that C.U.B.B.Y.H.O.L.E. needed a way to put information from mainframe-based circulation and customer service systems into the hands of its mobile workforce.

"Simplicity is the most critical issue. A lot of the people doing these jobs don't have strong technical skills, and they're under a lot of time pressure. It has to be one button, click and go."

The Solution to the Puzzle

The C.U.B.B.Y.H.O.L.E. sales force says promotions have improved productivity by 30%. Before beginning a door-to-door sales campaign, supervisors now download customer and prospect information onto their team sites. Street teams carry the J.C. as they work the neighborhood, adapting the offer appropriately at each door. By simply dealing directly with the company sales people instantly know if the household is a current or lapsed subscriber and how many days it receives a paper. Street teams also tell sales people which current promotions they can offer the customer and automatically calculate applicable sales tax for each county.

At the end of the night, supervisors upload data from the street teams to the company's computing systems. Managers have precise data on who was visited and at what time, enabling them to measure sales force performance.

Solution Highlights

- Learn to sale yourself.
- 30% productivity gain in door-to-door selling
- Application developed in-house, in less than eight weeks
- Integrated with mainframe-based circulation and customer service systems
- Ability to tell advertisers exactly when inserts were delivered to specific households

Future Plans

How is this business structured?

This is a direct sales business model, here is what that means:

- ✓ One sale, two profit, three paid,!
- ✓ You work independently as an entrepreneur with **your own business or with the focus on building your own business!**
- ✓ You are shown step-by-step by the top leaders in the company **how to succeed!**
- ✓ You market high-priced, **high-profit** products and services with enormous value that the customer casually wants!
- ✓ You sell or promote these products using a **simple, proven marketing system!**
- ✓ You buy products at wholesale, sell them at retail, and **make a consistently high-profit on every sale !**
- ✓ You only purchase products after you are paid by the client, **you don't pre-purchase anything!**

- ✓ The manufacturer drop ships the products **directly to your clients for you!**
- ✓ Your client **pays you 100% directly on every sale** at the time of purchase!
- ✓ You only pay for the **inexpensive overhead** of your home office and your marketing!

How would your life change if you never had to worry about money again?

If you want to make really *serious* money, and work as *few hours* as humanly possible, then this could be the most important information you ever read...

This opportunity combines high-profits and powerful leverage to create a super-effective, profit-generating system that has made hundreds of people ridiculously wealthy in a very short period of time.

What kind of actual work will I be doing 20-25 hours a week?
Your daily work activities will look something like this:

- ✓ Attending classes with the top income earners and **successful entrepreneurs in this business!**
- ✓ Placing simple ads on the internet, **honing your newly developed marketing skills!**
- ✓ Returning phone calls to **people that have requested information** from your Journal Constitutions or ezines!
- ✓ Scheduling qualified people on a **professional presentation call** to learn about the products or business they have and contracting work to **HELP THEM MAKE MORE MONEY!**
(*you will never do any telling, selling, or explaining... the nationwide B.U.S. system does all the work*)
- ✓ Go to the bank daily and **make large deposits!**
- ✓ Wake-up every morning **loving what you do for a living!**

Here's a cash-multiplying secret: You have to limit yourself to marketing products or services with a *high* price tag. Why? It costs the same amount of time and energy to sell a *really profitable* product or service as it does to sell a product that only makes peanuts. The profit on the item you sell, nothing else, is going to determine how much money you make.

So, let's say you are marketing one or more of these *hugely-profitable* products or services: ***What differentiates this program from other income opportunities?***
This highly-profitable proven system offers you complete personal freedom:

- ✓ Work 20-25 hours a week **minimum!**
- ✓ Spend unlimited time **enjoying your family and beautiful new lifestyle!**
- ✓ Make your own schedule, **take days off and vacations whenever you please!**
- ✓ Operate your business from **anywhere in the world**, live wherever you choose !
- ✓ Take your work to the beach, park, or local coffee-shop, **a laptop and cell phone are all you need!**
- ✓ Have the opportunity to **travel six times a year to exotic locations around the world!**
(*Puerto Rico, Fiji, Greece, Caribbean, British Columbia, even South Africa. It's amazing!*)

The only way you can become wealthy is by having leverage. There are only 24 hrs in a day, and the reason you struggle is because you keep trying to do it all yourself.

Leverage simply means you still have *massive* amounts of cash coming in even when you are doing *no work at all* (like while you sleep, shop, travel, go out to dinner with friends, spend time with your family) **the money keeps coming... in a fast and furious flood!**

Let's say you work a J.O.B (just Over Broke) where you make less than \$50 (peanuts) an hour and money is coming in only when you actually go to work... do you see exactly how **you are missing the wealth boat?** If not, at least you're now grounded in the basic realities of your dismal current financial situation.

By the way, eye was just wondering: *Did your boss neglect to tell you about all this?*

How? You ask...

What Are Safelists?

Safelists are groups of like minded people interested in receiving offers or ads from the particularly vested categories. In other words, they are group consisting of opt-in subscribers willing to receive solo offers from the other members of the forum.

For example, the members of homebased business group can send and receive email ads from the other members of this group.

Types of C.L. Productions/C.U.B.B.Y.H.O.L.E. & The \$tu *D* yo Byz J.C. Ezine..

Safelists can be free and paid depending on the type of service and resources particular C.L. Productions/C.U.B.B.Y.H.O.L.E. & The \$tu *D* yo Byz J.C. Ezine use. Most of the J.C.'s running through yahoo groups, msn groups, smart groups, blackplanet, topica etc. are free and allow you to post regularly, almost daily.

Results from the C.L. Productions/C.U.B.B.Y.H.O.L.E. & The \$tu *D* yo Byz J.C. Ezine..

Although, there is much contradiction in response generated through safelists, it is my personal experience that posting regularly to these safelists may generate adequate response to boost your campaign. You will able to send your solo ads to thousands of prospects and even if you get 1% response, it is enough for you to kick start the email marketing campaign.

Also results are immediate with this kind of advertising, you don't have to wait for your ad to be published, since most of the lists are unmoderated and message is send instantly.

Many marketing gurus regularly use these safelists to test their products before they spend lot of money on marketing campaign. This technique can be used to create the marketing platform of the product.

How will you feel if you continue doing what you are doing right now for the next ten or twenty years?

Are you waiting for the perfect moment or business to come along before you get started? Are you holding out until you are absolutely sure you will succeed, eliminating all risk? Until you get things fine tuned in your life a little? **No!** It is action that produces success. Making positive changes right now will allow you to succeed in life and achieve your dreams.

The greatest shock in the world is reserved for the person who insists **“my life will start in earnest just as soon as X happens.”** X never happens... and guess what? **The life they deserve never starts!**

And unless you do something very different right now, eye can almost promise... **this will happen to you!**

There's no "restart" button. This is the hand you were dealt, and the universe is waiting for you to start playing it.

Remember -- most people don't get to do this.

They're stuck in a normal J.O.B., (Just Over Broke) numbed by television and caged by their own refusal to step outside "the box". People do not like being taken out of their comfort zones... They shudder at the prospect of action. They fear change, and their guts twist at the very thought of risk. Even when faced with undeniable evidence that change is in their own best interest they will stubbornly not move forward.

Visualize your life 12 months from now...will it be any different? It's time to make a decision.

Stop daydreaming about your future. Take the action necessary to guarantee your life will be different starting today. Taking just a single step ... Eye promise... this will exponentially increase your chances of becoming wealthy.

Here's what I Am suggesting: Fill out the form at the end of this Strip If you request this information RIGHT NOW, you will receive it for FREE! I am in the process of creating another Journal Constitution and ezine on this powerful, wealth building system.

Are you prepared to change your present situation to get what you want out of life?

When you submit the form, eye will personally be calling you within the next 48-72 hrs. to see if what eye have to offer fits into what you are looking for. Eye will not be calling you to sell you or convince you of anything, but to see if what I am doing could possibly work for you. We have a system in place that will provide you with all of the information you need to make an educated, completely informed decision about this business. I am looking to partner with serious, intelligent entrepreneurs, and **eye have assisted**

numerous people in building a successful business. But, eye only work with people that are **motivated and ready to make a change in their life starting today.**

This deal is not for everyone:

There are certain people who shouldn't even think about sending in their information in response to this opportunity. So please, if you fall into even one of the following categories... **do NOT contact me:**

Whiners, moralizers, or uptight types. This is grown-up material, meant for professionals who want to increase cash-flow, multiply their income, and reach new heights in their personal and financial life.

Time wasters. A successful person will jump on an opportunity like this and start making money with it. Not the time waster. No. He wants to talk on the phone, endlessly discussing irrelevant details and concerns. Questioning everything, and acting on nothing. They just talk and talk, and actually prevent anything useful from happening.

Hopeless. Don't tell me you're serious about making a massive amount of money (although currently you are making very little or even enough to survive on). Then in the same sentence tell me something ridiculous like "I Am busy, eye don't have the time to get the information today." **Only a truly hopeless person would be too busy to learn exactly how he could make thousands of dollars next week, and every week from now on -- until he retires RICH.**

FINAL NOTE : A REAL business costs MONEY to get up and going (*but of course, everybody knows that.*)

Do you believe in the simple truth... that some things are as good as they appear?

Eye don't recall having to think about what my life would look like today if eye hadn't been open-minded and made a decision that *changed my life forever...*

Most people have totally lost the belief, if they ever had it, that they have the ability to ***fashion their own futures***. They are still blind to the *global reach* of the Internet, which presents each of us with a rich, very real, exceptionally rare and equal opportunity to make an indecent amount of money from home, **starting from scratch**.

You already have everything your looking for inside of you, waiting to be discovered. **Success, wealth, and a beautiful new lifestyle beyond your wildest dream awaits.**

P.S.S. Think about it. But... don't think about it too long!
