"By rejecting the LUV of one,  
Eye received the LUV of all. By surrendering my life to the revolution,  
Eye found eternal life.  
Revolutionary Suicide."

Women have special powers. They can get wet without water, bleed without injury, make boneless things hard, and make Men eat without cooking. *Fantasies are so enticing, aren't they? With a little effort, you make your relationship dreams come true. Some real treasures are right in your own backyard. Indulge yourself and find new ways to share luv.*

Let's talk about a very - ahem - "delicate" topic... Today feels ever so slightly out of focus, but don't let that throw you too far off track. Just keep your head level and concentrate on what's directly in front of you. You'll get a handle on this situation soon enough.

Let's talk about the reasons why most men don't know how to "please" a woman in the bedroom.

Eye know this one is painful, but go with me here

for a minute...

Do you know how to... hmmm... Lets say please a woman in the

in the bedroom...

EVERY time?

The reality is that many women are walking around this planet NEVER having experienced a "mind blowing" sexual encounter.

It's a sad fact... but, most men just DON'T know how to REALLY please a woman.

But, here's something interesting...

**PINK ADDICTION**

If you go up and ask 10 random guys on the street if they know how to rock a woman's world, you better believe 9 out of 10 of them are going to say, "HELL YES!"

So, why is this?

*Why is it that most men have no idea what they're doing in bed... but, almost none will actually come clean and admit it?*

Like Me EyE truly SuCk!?! Ask around they will tell you. (don't believe that shit)

*IS IT "MALE EGO"???* song 3x crazy keep it on the real

Sure... that's part of the reason. But, I Am going to venture out and say the REAL reason is this:

MOST MEN THAT SUCK IN BED...  
DON'T EVEN KNOW THAT:

THEY SUCK!

### ***Song Too Short Blow The Whistle***

Yeah, eye know that this could be a bad pun... but, unfortunately, it's the reality of this situation.

kinda sexy, isn't it?

Think about it... if you're with a woman that isn't very good in bed, are you going to TELL HER?

# One of a Kind

Eye doubt it.

You'll probably do what most WOMEN do when they are with a guy who isn't very good...

**PRETEND THAT YOU ARE ENJOYING IT... WHILE WISHING YOU WERE WITH SOMEONE ELSE!**

Has a woman ever done this WITH YOU?

Or... a better question... if she was just "pretending"... WOULD YOU BE ABLE TO TELL?

Maybe. But, probably not.

In fact, many (or even most) women regularly "fake it" with guys... and the guys never know the difference.

Why not?

Same reason as before! They probably came to kick it with me on the

a few times.

Because no woman is going to tell you, to your face, that you're lame in bed and that she had to think about another guy just to get off!

# Ouch!

*Ouch. Eye know. It hurts.*

Now, let me ask you another question:

Have you ever had a woman you were intimate with, either once or on a regular basis, LOSE INTEREST... and maybe even start seeing SOMEONE ELSE?

I

Am going to bet you that at least PART

of the reason it happened is because you didn't know how to "rock her world".

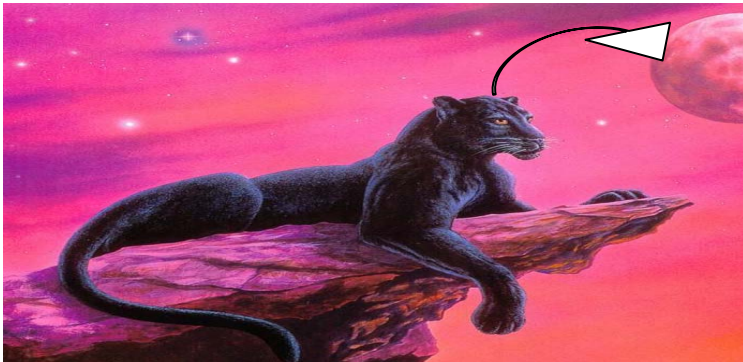

Sure... there may have been some other reasons why she lost interest... but, here's the thing:

*Song : Lyfe S.E.X.*

When a woman is with a man who REALLY satisfies her sexually, there is almost NOTHING he can do to get rid of her... even if he wants to.

*In other words, if the sex was good, she wouldn't be going ANYWHERE.*

A man who is good in bed is almost IMPOSSIBLE to find... and women know it.

YA GOT TA BEAT THE CAT

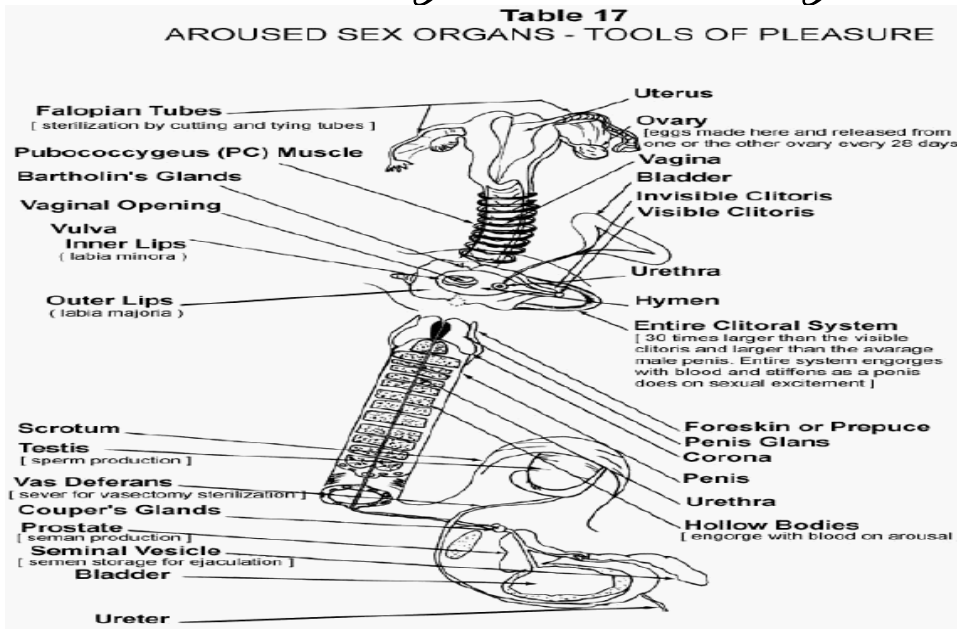

RIGHT!!! DA MOON THANG

So, when they find one of these guys, they are

willing to put up with a lot of "mistakes" to keep him around.

If you've ever wondered how those "bad boys" seem to be able to get away with ANYTHING and still have a woman come back for more...

***!!!this is usually the reason why!!!***

## Y A I D A D A M E A N

The next time a woman is complaining to you about some jerk she is dating say, "But he's great in bed, right?"

You'll usually get a knowing smile...

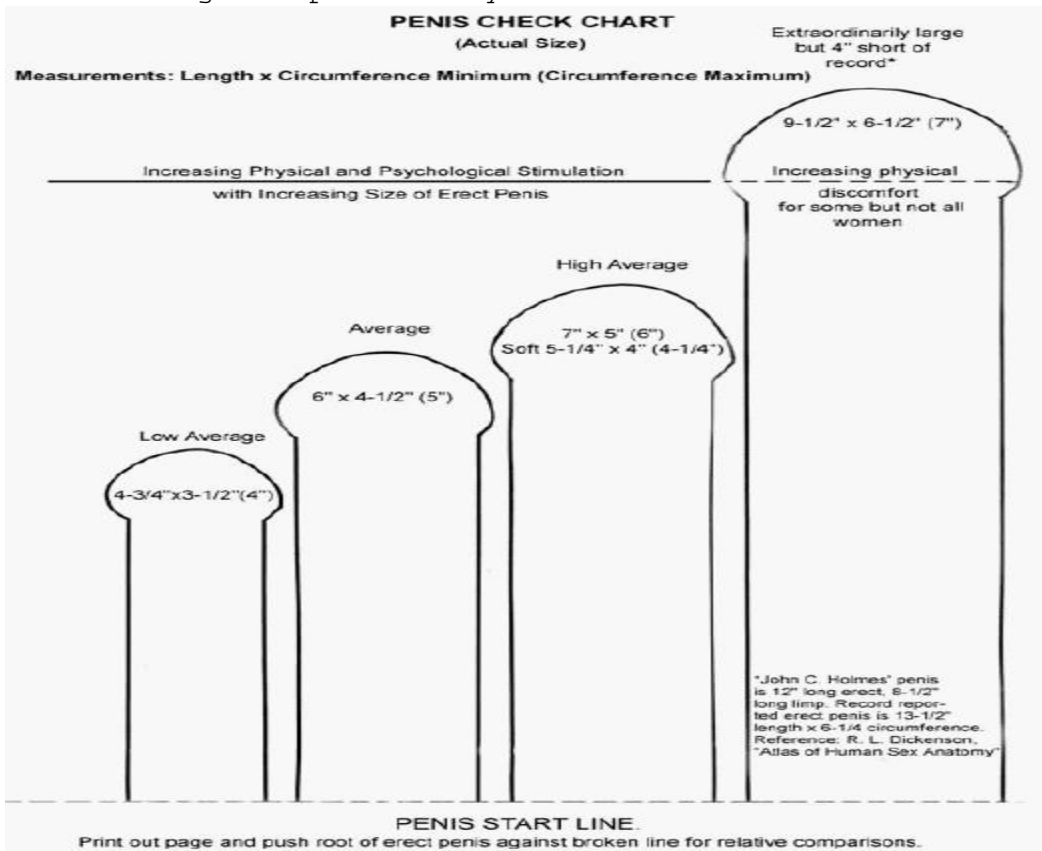

## SO, HOW DO THESE GUYS LEARN THIS STUFF?

And, more importantly... *how can YOU?*

Well, the good news is that it's fairly easy to go from a guy who knows nothing about how to please a woman in the bedroom to a guy who has women calling him up for "booty"

Because I AM <<<eye mean- he's so damn good... because unlike some other aspects of dating, this one is all about TECHNIQUE and KNOW HOW.

There's not a whole lot of "inner game" or psychological reprogramming required.

*U.M. D.J.M. wit me boo boo* →

Simply learn the techniques and strategies... and success will follow.

And get this:

Eye just finished up an AMAZING interview with a guy who knows more of these mind-blowing sexual techniques than just about anyone in the WORLD.

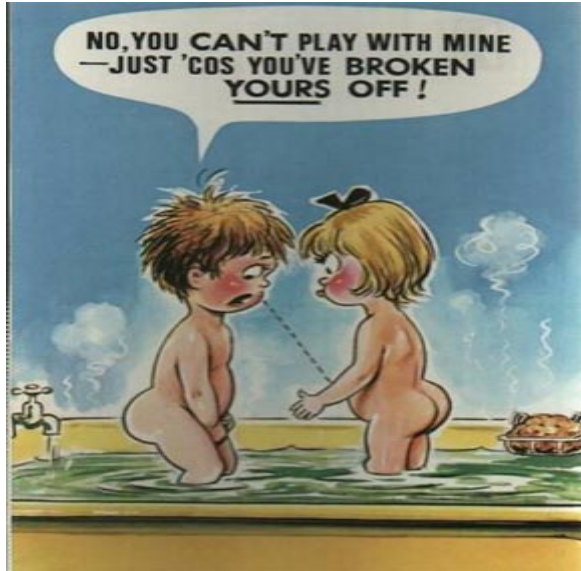

This Jive Tur\*QUI is the author of a popular book and video series on the topic... and has taught thousands of men how to give a woman an UNFORGETTABLE experience in the bedroom... with great results.

The unique thing about my friend is that he has come up with many of his techniques ON HIS OWN... or learned them from VERY experienced women. The things you will learn from him are BRAND NEW...

Stuff you really can't find anywhere else

As expected, we had a very interesting conversation... Eye found myself taking a lot of...

notes.

The things he shared are going to BLOW YOU AWAY... but more importantly... BLOW AWAY the WOMEN that you are with.

Here's just a small preview of what you'll learn when you listen to this interview:

- The "3 times" rule - A way to get a woman INSANELY turned on before the actual "deed", so when it goes down, the feelings are TEN TIMES as intense for her (Just this one tip alone will put you HEAD AND SHOULDERS above anyone else that she's been with)(see chart above)

*Song Jazze pha happy hour*

- 3 ways to be UNPREDICTABLE in the bedroom that women LOVE and most men NEVER figure out on their own ("Bad boys" tend to do these things INSTINCTIVELY... if you've ever wanted to get a woman ADDICTED to being with you, just do this one thing)

- A secret breathing technique that clears your mind and triggers hidden ANIMAL passions in a woman... while allowing YOU to LAST LONGER (A woman's biggest complaint about a man is often how long he "lasts" - so do this and you won't have to worry about women having this complaint about YOU)

- What to do when a woman sounds like she's going to "flake" out on you, that not only keeps your date but, TURNS HER ON at the same time

- How to connect with a woman sexually through her EMOTIONS (Most guys go straight to the physical... use this technique to get a woman to make the first move on YOU)

- The secret fantasies and desires women don't even share with their closest friends! (Knowing these 2 things will instantly separate you from all other men)

- The big mistake 99% of guys make that keeps them from EVER getting to the bedroom with a woman (If you or someone you know hasn't had many partners, it's probably because they are making THIS deadly mistake)

- A simple shift in attitude that TRIPLES your chances of getting in bed with a woman the first night you meet her

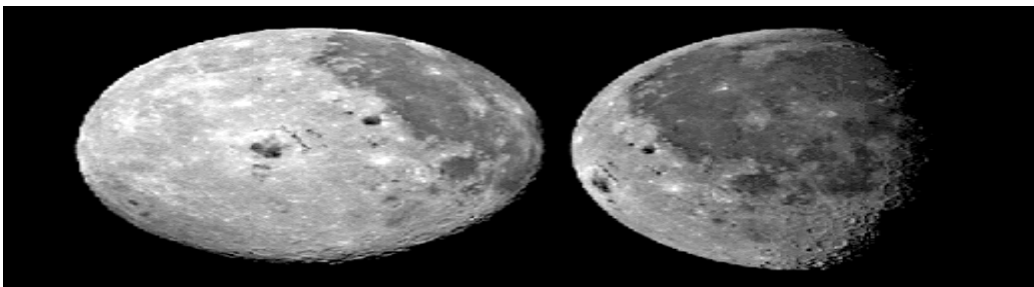

- How to get a woman to WORK to have sex with YOU! Here's why most guys spend their whole lives BEGGING for sex and occasionally getting "lucky" while a very small number of guys have many

partners to choose from.

- What to do when a woman says she wants something EXCLUSIVE and YOU don't (Here's how to keep things "casual" until YOU want something more serious)

- A "magic line" to say to a women in the first 5 minutes of conversation that will make her open to having a "fling" with you AND ok with you being with other women!

- How and why women TEST men - the specific tests women will give you to "test your manhood" and how to pass them (miss just one of these and she will SUBCONCIOUSLY lose interest... even if she was really into you before)

- A secret that gets women to have "no strings

attached" wild sex with YOU (NEWSFLASH: Women want "no strings attached" sex too, but only with a CERTAIN KIND of man. Here's how to show her YOU are one of those guys)

- A secret that PREVENTS men from ever experiencing a THREESOME... and gives those who know it the power to have threesomes literally AT WILL (I have noticed recently that while most guys have NEVER had a threesome, the guys who have had them, have had A LOT of them. Here's the reason

why...)

- Why a woman is MORE LIKELY to get together with another woman when YOU are around... and how to get things started, step-by-step. Plus, how to set up a threesome with 2 hot women who DON'T know each other, step-by-step (My friend has enough experience in this area to make any man jealous... and now, for the first time ever, you'll get to hear the exact technique he uses to make it happen!)

- A little known rapport building technique that makes a woman feel attraction for you even if you're not "her type" physically

Again, eye want to mention that this guy is a published author... he's considered an EXPERT by many.

JUST ONE of the tips he shared could change the level of respect and admiration you get from women FOREVER.

Of course, eye suggest you use ALL OF THEM if you really want to rock a woman's world.

Just be sure you use them with a woman you want to keep around... because once you do, she won't be going ANYWHERE anytime soon.

I Am going to release this interview as this month's edition of my "Interviews With Dating Gurus" series.

If you're already subscribed, you'll be getting it soon... so just sit tight.

If you're not?

Now is THE TIME.

This is one interview you do not want to miss... and believe me... every woman you are intimate with for the rest of your life will be DAMN GLAD you got your hands on it.

This interview is "going to press" but you got to be able to get inside the door to \$+U \*D\* 1/0 31/= at least!!!  
So eye need to know if you want to learn

these secrets by MIDNIGHT to get you signed up in time.

Eye recommend you sign up RIGHT NOW while it's fresh in your mind. Trust me... this is some information you want to know NOW not later... unless you're planning a vow of celibacy, that is...

Oh... and by the way... when you sign up I Am also going to throw in a Starter Kit with 2 DOUBLE LENGTH interviews... just to say thanks for giving the program a fair try.

These interviews are yours to keep even if you decide that the program is not for you.

Of course, eye wouldn't risk sending them out there to you if eye was at all worried about that happening. And my guess is that as soon as you listen to the first 5 minutes of the first CD you're going to be VERY GLAD you made the right choice.

You may be itching to take some sort of action on the romantic front, but if you can hold off just a bit, the situation will become much clearer -- as will your own feelings about it. Patience is, as they say, a virtue. You're wandering down imaginative paths you haven't explored before. While the discovery process excites you, it can also feel a little lonely. Why not invite a friend to share in your musings? It's time to restructure a few aspects of this relationship. While they've worked well in the past, a new era has dawned. You and your sweetie want to move forward together, so make sure you jettison what's irrelevant. No, you don't need a whole new approach to matters of the heart, but a minor adjustment or two never hurt. Experiment a little -- varying your methods of meeting people, perhaps -- and pry your mind open even wider. **She will be Your Greatest Fan**

Indulge your inner label addict with the only brand that can provide you with coordinating golf wear, sunglasses, a theme restaurant, a beer, *and* easy, breezy home decor. Yep, it's old Floridian favorite. Hey erKn JERKIN: seeks to recreate the windswept feel of an island oasis in your very own home. We think

the vintage-looking shapes in this surprisingly sophisticated ceiling fan are perfect for stirring up an imitation ocean breeze. Antique flair meets beach-bum chic? Not too shabby for the company who brought you those fluorescent Bermuda shorts.

**People come into your life for a REASON, a SEASON, or a LIFETIME. When you know which one it is for a person, you will know what to do for that person.**

**When someone is in your life for a REASON, it is usually to meet a need you have expressed. They have come to assist you through a difficulty, to provide you with guidance and support, to aid you physically, emotionally, or spiritually. They may seem like a Godsend, and they are! They are there for the reason you need them to be. Then, without any wrong doing on your part, or at an inconvenient time, this person will say or do something to bring the relationship to an end. Sometimes they die. Sometimes they walk away. Sometimes they act up and force you to take a stand. What we must realize is that our need has been met, our desire fulfilled, their work is done. The prayer you sent up has been answered, and now it is time to**

**"Woman was created from the rib of man; Not from his head to be thought of only, Nor from his hand to be owned, Nor from his foot to be beneath, BUT from under his arm to be protected, From his side to be equal, And from his heart to be loved."**
